

Employee Evaluation System

A Structured, Multi-Stage Framework for Recognizing the Best Employee

Akshaya Patra Foundation

Presented to Branch Managers, Cluster Managers & Committee Members

Presentation Agenda

A structured walkthrough of the evaluation framework

Evaluation Framework

1. Evaluation Process Overview
2. Branch Types: BIG vs SMALL
3. Stage 1 — Self-Assessment
4. Stage 2 — Evaluator Assessment
5. Stage 3 — Cluster Manager Evaluation
6. Stage 4 — HR Evaluation
7. Stage 5 — Committee & Final Winners

Supporting Topics

8. Question Framework & Categories
9. Weighted Scoring & Formulas
10. Quarter Creation & Management
11. Blue-Collar vs White-Collar Tracks
12. Roles & Responsibilities
13. Scoring Model Justification

The 5-Stage Evaluation Pipeline

A progressive, multi-evaluator framework ensuring fairness and objectivity

Each stage progressively narrows candidates — only the most consistently high-performing employees reach the final stage.

Two Branch Types, Two Evaluation Paths

The evaluation structure adapts to branch size and complexity

Criteria	BIG BRANCH	SMALL BRANCH
Blue-Collar Evaluator	HOD (Head of Department)	Branch Manager
White-Collar Evaluator	Branch Manager	Branch Manager (all staff)
Stage 2 BC Advance	Top 10 Blue-Collar	Top 10 (All staff)
Stage 2 WC Advance	Top 3 White-Collar	— (unified track)
Stage 3 Advance	WC: Top 2 / BC: Top 5	Top 5 (All staff)
Stage 4 Advance	WC: Top 1 / BC: Top 3	Top 3 (All staff)
Final Winners	1 WC + 3 BC = 4 Winners	3 Winners (no collar split)
HOD Required?	YES	NO

Key Principle: BIG branches maintain separate WC/BC tracks. SMALL branches follow a single unified track managed by the Branch Manager.

Stage 1 — Self-Assessment by Employees

Every eligible employee evaluates their own performance

- Each employee receives a personalized, randomized set of 10–25 questions
- Questions drawn from 7 performance categories (Attendance, Discipline, Productivity, Teamwork, Initiative, Communication, Integrity)
- Questions available in both English and Hindi
- Answers rated on a –2 to +2 scale (Strongly Negative to Strongly Positive)
- System auto-calculates a Normalized Score (0–100)
- TOP 50% of employees by score are shortlisted for Stage 2

Answer Scale	
Score	Meaning
+2	Strongly Positive
+1	Positive
0	Neutral / N/A
–1	Negative
–2	Strongly Negative

Formula: Normalized Score = (Raw Score ÷ Max Possible) × 100 | Max Possible = No. of Questions × 2

Stage 1 Output: Top 50% of all employees advance to Stage 2

Stage 2 — Evaluator Assessment

Stage 1 shortlisted employees are independently evaluated by a senior evaluator

BIG BRANCH

- White-Collar → Evaluated by Branch Manager
- Blue-Collar → Evaluated by HOD (Head of Dept)
- Each evaluator answers up to 15 questions per employee
- Top 3 White-Collar advance to Stage 3
- Top 10 Blue-Collar advance to Stage 3

SMALL BRANCH

- All employees evaluated by Branch Manager
- No HOD role exists in SMALL branches
- Same 15-question evaluation format
- Top 10 employees advance (no collar split)

Stage 2 Score = (Self Score × 60%) + (Evaluator Score × 40%)

The evaluator's independent assessment acts as a check on self-reported scores, ensuring objectivity.

Stage 3 — Cluster Manager Evaluation

An independent regional-level review adds a third layer of objectivity

- 1 Stage 2 shortlisted employees are presented to the Cluster Manager (CM)
- 2 CM conducts an independent evaluation using a dedicated set of 10 questions
- 3 CM evaluates employees across all assigned branches — no prior bias

BIG BRANCH — Stage 3 Advances

Top 2 White-Collar + Top 5 Blue-Collar

SMALL BRANCH — Stage 3 Advances

Top 5 (Unified — no collar split)

Stage 3 Score = (Self × 40%) + (Evaluator × 30%) + (CM × 30%)

Stage 4 — HR Evaluation (Attendance & Punctuality)

Objective, data-driven HR metrics complete the scoring picture

What HR Evaluates

- HR does NOT use a questionnaire format
- HR records Attendance % and Punctuality % for each employee
- Supporting PDFs uploaded as evidence
- System converts percentages to Band Marks (0–10 per metric)
- Total HR Score = Attendance Marks + Punctuality Marks (max 20)

Attendance / Punctuality Band Marks	
Percentage %	Marks Awarded
≥ 90%	10
80 – 89%	9
70 – 79%	8
60 – 69%	7
50 – 59%	6
40 – 49%	5
30 – 39%	4
20 – 29%	3
10 – 19%	2
< 10%	1

HR Score = Attend. Marks + Punctuality Marks ÷ 20 × 100

Final = Self×30% + Eval×25% + CM×25% + HR×20%

Stage 5 — Committee Review & Winner Declaration

The Committee reviews final scores and officially declares the Best Employee(s)

What the Committee Reviews

- All Stage 4 finalists with complete score breakdowns
- Scores visible by stage: Self / BM or HOD / CM / HR
- Both branch types (BIG and SMALL) handled separately
- Weighted final score calculated transparently for each finalist

Winner Declaration

Branch Type	Winners Declared
BIG Branch	1 Best Employee (WC) + 3 Best Employees (BC) = 4 Total
SMALL Branch	3 Best Employees (no collar distinction)

Tiebreaker Rules (equal Final Score):

1st → Cluster Manager Score

2nd → Evaluator (BM/HOD) Score

3rd → Self-Assessment Score

The Committee's role is oversight and declaration — evaluation is complete by Stage 4. This ensures the process remains objective and data-driven.

Question Framework — 7 Performance Categories

Questions are carefully structured across seven dimensions of workplace performance

ATTENDANCE

Regular presence & punctuality

DISCIPLINE

Adherence to rules & conduct standards

PRODUCTIVITY

Work output, quality, and efficiency

TEAMWORK

Collaboration and team contribution

INITIATIVE

Proactivity & self-motivation

COMMUNICATION

Clarity, effectiveness & professionalism

INTEGRITY

Honesty, ethics & organizational values

English & Hindi
for accessibility

Min. 2 questions
per category

Randomized per
employee

Weighted Scoring Model — Building the Final Score

A cumulative, transparent system where every stage contributes to the final result

Normalization: $\text{Score} = (\text{Raw Score} \div \text{Max Possible}) \times 100$

Stage 2: $(\text{Self} \times 0.60) + (\text{Evaluator} \times 0.40)$

Stage 3: $(\text{Self} \times 0.40) + (\text{Evaluator} \times 0.30) + (\text{CM} \times 0.30)$

Final Score: $(\text{Self} \times 0.30) + (\text{Evaluator} \times 0.25) + (\text{CM} \times 0.25) + (\text{HR} \times 0.20)$

Quarter Management — Evaluation Cycle Structure

Each evaluation cycle runs within a defined Quarter, created and managed by the Admin

Quarter Setup Fields

- Quarter Name (e.g., Q1-2025) — must be unique
- Start Date & End Date
- Self-Assessment questions: 10–25 per employee
- BM / HOD evaluator questions: up to 25
- CM evaluator questions: up to 25
- Question Selection Mode: AUTO or MANUAL

Question Selection Modes

AUTO MODE

- System picks category-balanced questions automatically
- Minimum 2 questions from each of 7 categories
- Remaining slots filled randomly (Fisher-Yates shuffle)

MANUAL MODE

- Admin hand-picks specific questions for inclusion
- Useful for targeted or thematic evaluations

Quarter Created

Quarter ACTIVE

Evaluation Phases 1–4

Quarter CLOSED

Results Published

Only ONE quarter can be active at a time. The system prevents duplicate active quarters automatically.

Blue-Collar vs White-Collar — Separate Evaluation Tracks

For BIG branches, the system runs two parallel, independent evaluation pipelines

WHITE-COLLAR TRACK

Stage 1: All WC Employees

Stage 2: Evaluated by Branch Manager → Top 3

Stage 3: Evaluated by Cluster Manager → Top 2

Stage 4: HR Evaluation → Top 1

1 Best WC Employee

BLUE-COLLAR TRACK

Stage 1: All BC Employees

Stage 2: Evaluated by HOD → Top 10

Stage 3: Evaluated by Cluster Manager → Top 5

Stage 4: HR Evaluation → Top 3

3 Best BC Employees

Total per BIG Branch: 4 Winners (1 WC + 3 BC) | Blue-collar employees are recognized on their own merits — never competing with white-collar staff.

Roles & Responsibilities in the Evaluation System

Seven distinct roles work together across the five evaluation stages

Role	Stage	Responsibility	Branch Scope
Admin	Pre-Quarter	Creates quarters, manages questions, employee records & branch setup	All Branches
Employee	Stage 1	Submits self-assessment answers to personalized question set	Own profile only
Branch Manager	Stage 2	Evaluates Stage 1 shortlisted employees (WC for BIG; all staff for SMALL)	1 Branch
HOD (Head of Dept)	Stage 2	Evaluates Blue-Collar Stage 1 shortlist — BIG branches only	1 Branch / Dept
Cluster Manager	Stage 3	Independent evaluation of Stage 2 shortlisted employees	Multiple Branches
HR Department	Stage 4	Records attendance & punctuality data with supporting PDF evidence	Multiple Branches
Committee	Stage 5	Reviews final scores and officially declares Best Employee winners	Multiple Branches

Each role has strictly scoped access — evaluators can only see employees in their assigned branch(es), maintaining confidentiality and integrity.

Why This Evaluation Model?

A fair, transparent, and multi-dimensional framework for recognizing exceptional employees

OBJECTIVITY

No single evaluator decides the winner. Four independent evaluators at different organizational levels contribute to the final score, minimizing personal bias.

PROGRESSIVE FILTERING

Employees advance stage by stage. Only consistently strong performers reach the final. One lucky score in one stage cannot guarantee a win.

MULTI-DIMENSIONAL ASSESSMENT

7 performance categories + attendance + punctuality. Both soft skills (self-evaluation) and objective HR data are included in the final score.

EQUITY & ACCESSIBILITY

Blue-collar and white-collar employees compete on separate tracks in BIG branches. Questions in Hindi and English ensure language is never a barrier.

Final Score = 30% Self-Honesty + 25% Manager Assessment + 25% Cluster Oversight + 20% Attendance & Punctuality

We invite Branch Managers, Cluster Managers & Committee Members to review, validate, and approve this evaluation framework.
